Executive Summary
<p>The Clinical Commissioning Group (CCG) has a statutory requirement to keep, maintain and make publicly available a register of declarations of interest under Section 140 of the National Health Service Act 2006 (as inserted by section 25 of the Health and Social Care Act 2012).</p> <p>The requirement to make declarations of interest also includes any offer of gifts and hospitality received.</p> <p>This paper sets out a flow chart for declaring and managing conflicts of interest, as outlined within the CCG's Conflict of Interest Policy and also reflects those declarations made by all members and colleagues in attendance at Governing Body meetings.</p> <p>There is also a requirement on the CCG to ensure for each conflict declared, appropriate management arrangements are in place and for those to be communicated.</p> <p>Until all arrangements are confirmed, all conflicts should be declared with any specific management arrangements required during the course of the meeting being determined by the Chair, with an accurate record of action taken recorded in the minutes. The current register reflects the latest attendees.</p>

The main risk associated with this paper relates to Conflicts of Interest, in terms of process, implementation and assurance. There are policies in place, however there is always a risk a declaration may not be captured. The process for seeking declarations at each meeting acts as a safeguard, however the CCG could be challenged on the robustness of arrangements.
